ESTUDIO MARISCAL

We designed a collection for contract use, which is graphic, sinuous and colourful.

Formally, they give off lightness and are, at the same time, highly expressive. The sinuous shapes drawn by the Guitarra (Guitar) seats provide rhythm, personality and freshness to interiors in the contract sector. In the case of the bench, the table and chair are combined in a single piece. Family of chairs: chair, armchair and bench. The structure is curved plywood and the legs are metal. They are upholstered in polyurethane or wool. The curved, graphic, asymmetric shapes characterise the Guitarra family.
