# ESTUDIO MARISCAL

---

**We designed a collection of modular seats to offer a solution to contract areas.**

The modular system of seats was specially developed to solve the needs of public spaces. It consists of a one-and-a-half-seater armchair, two-seater sofas, corner sofas and pouffe. Its structure is metal and wood and the legs are metal. The fabric upholstery combines textures and colours. Each modular piece has a different depth, so that on combining them they create an irregular shape. The seats do not have arms to make them more modular.
